WHIP	Wildlife Habitat Incentives Program (formerly administered by NRCS)
WRP	Wetlands Reserve Program (formerly administered by NRCS)
GRP	Grasslands Reserve Program (formerly administered by NRCS/FSA)

NOTES ON CHART:

n/a = not applicable

ss = authorized at “such sums as may be appropriated” rather than a specific dollar amount

= Items with number sign (#) are “mandatory” programs funded directly via the farm bill through the Commodity Credit Corporation or directly from the Treasury that do not need to be appropriated, though sometimes appropriators raid the mandatory funding via “limitations” provisions. Some mandatory accounts receive the same funding level each year, but others vary by year.

Discretionary Programs. These programs are authorized by the 2008 Farm Bill, an earlier farm bill, or another agricultural authorization bill for which the actual funding level for the program in any given year is determined by the annual appropriations bill. Discretionary programs also include programs without specific authorizations that are started by USDA under more general authorities.

Mandatory Programs. These programs were provided mandatory (direct) funding in the 2008 Farm Bill, 2002 Farm Bill, or some earlier authorization bill, not normally subject to change in the appropriations bill. However, over the years, the appropriations committee has sometimes made use of a technique to limit or eliminate mandatory spending by not providing appropriated funds to pay for the salaries and expenses of USDA staff to implement the program. This allows the appropriators to kill or limit the program in question and then spend the money saved on discretionary programs.

No Limitation means that the mandatory funding provided by the farm bill (see the shaded columns) was left intact at the farm bill level for mandatory funding.

CHIMPS = Change In Mandatory Program Spending, which refers to cuts that appropriations bills make to “mandatory” (also known as “direct” or “non-discretionary”) spending.

¹ Amounts in this column do not reflect an additional 0.2% across the board cut to all programs in the FY 11 final bill.

² Amounts are inclusive of sequestration cuts.

³ Amounts shown do not reflect sequestration cuts.

⁴ Section 2501 is shorthand for “Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers”.

⁵ The Administration did not include a request for these programs for which mandatory funding was pending farm bill reauthorization, not appropriations legislation. Direct farm bill spending (mandatory funding) had expired when the 2008 Farm Bill expired.

⁶ Included funding for coop development centers targeting socially disadvantaged producers.

⁷ The FY15 budget request includes \$11 million for VAPG, \$2.1 million for ATTRA, and \$3 million for coop development centers targeting socially disadvantaged producers, all of which are funded through RCDG. However, the budget request does not include any funding for the main portion of the RCDG program.

⁸ For FY 10, there was \$4 million mandatory not used in FY 09 + \$4 million mandatory from FY 10 + \$5 million discretionary, for total of \$13 million.

⁹ Request includes \$1.4 million for loans plus a non-delineated sum for grants as part of larger request for consolidated grant program

¹⁰ The 2014 Farm Bill combined the Rural Business Enterprise Grants (RBEG) program and the Rural Business Opportunity Grants (RBOG) program to create the “Rural Business Development Grants” program. Both RBEG and RBOG received annual appropriations in previous years.

¹¹ Five percent of the appropriated level is designated for the Agricultural Marketing Research Center at Iowa State University.

¹² Discretionary request includes \$7.4 million for grants and \$12.3 million for loan guarantees. Non-delineated mandatory funding is also requested in larger package.

¹³ Includes \$22 million to be generated through user fees for Conservation Technical Assistance.

¹⁴ The 2014 Farm Bill combined the Agricultural Water Enhancement Program (AWEP), Chesapeake Bay Watershed Initiative (CBWI), Great Lakes Conservation Initiative (GLCI), and Cooperative Conservation Partnership Initiative (CCPI) to create the Regional Conservation Partnership Program (RCPP).

¹⁵ Funding for RCPP consists of a \$100 million per year baseline, plus 7 percent of the funding available for CSP, EQIP, and ACEP. The \$100 million per year baseline comes from permanent baseline funding for AWEP and CBWI, which were folded into RCPP in the 2014 Farm Bill. Prior to the 2014 Farm Bill, AWEP had \$56 million per year and CBWI had \$47 million per year. The 2014 Farm Bill transferred \$100 million per year of that combined baseline to RCPP.

¹⁶ The 2014 Farm Bill combined the Grassland Reserve Program (GRP), Wetlands Reserve Program (WRP), and the Farm and Ranch Land Protection Program (FRPP) to create the Agricultural Conservation Easement Program (ACEP).
