WHIP	Wildlife Habitat Incentives Program (formerly administered by NRCS)
WRP	Wetlands Reserve Program (formerly administered by NRCS)
GRP	Grasslands Reserve Program (formerly administered by NRCS/FSA)

## NOTES ON CHART:

**n/a** = not applicable

**ss** = authorized at “such sums as may be appropriated” rather than a specific dollar amount

**#** = Items with number sign (#) are “mandatory” programs funded directly via the farm bill through the Commodity Credit Corporation or directly from the Treasury that do not need to be appropriated, though sometimes appropriators raid the mandatory funding via “limitations” provisions. Some mandatory accounts receive the same funding level each year, but others vary by year.

**Discretionary Programs.** These programs are authorized by the 2014 Farm Bill, an earlier farm bill, or another agricultural authorization bill for which the actual funding level for the program in any given year is determined by the annual appropriations bill. Discretionary programs also include programs without specific authorizations that are started by USDA under more general authorities.

**Mandatory Programs.** These programs were provided mandatory (direct) funding in the 2014 Farm Bill, 2008 Farm Bill, or some earlier authorization bill, not normally subject to change in the appropriations bill. However, over the years, the appropriations committee has sometimes made use of a technique to limit or eliminate mandatory spending by not providing appropriated funds to pay for the salaries and expenses of USDA staff to implement the program. This allows the appropriators to kill or limit the program in question and then spend the money saved on discretionary programs.

**CHIMPS** = Change In Mandatory Program Spending, which refers to cuts that appropriations bills make to “mandatory” (also known as “direct” or “non-discretionary”) spending.

<sup>1</sup> Amounts in this column do not reflect sequestration cuts.

<sup>2</sup> The FY 17 Budget Request also includes a request for \$375 million in mandatory funds for AFRI

<sup>3</sup> Section 2501 is shorthand for “Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers”

<sup>4</sup> An additional \$10 million is included within OAO to support the 2501 program

<sup>5</sup> The 2014 Farm Bill combined the Rural Business Enterprise Grants (RBEG) program and the Rural Business Opportunity Grants (RBOG) program to create the “Rural Business Development Grants” program. Both RBEG and RBOG received annual appropriations in previous years.

<sup>6</sup> Not subject to sequestration.

---

<sup>7</sup> The 2014 Farm Bill combined the Agricultural Water Enhancement Program (AWEP), Chesapeake Bay Watershed Initiative (CBWI), Great Lakes Conservation Initiative (GLCI), and Cooperative Conservation Partnership Initiative (CCPI) to create the Regional Conservation Partnership Program (RCPP).

<sup>8</sup> NRCS obligated two-years worth of RCPP funding in FY15; so \$323.7 million actually covers both FY 2014 *and* FY 2015.

<sup>9</sup> Funding for RCPP consists of a \$100 million per year baseline, plus 7 percent of the funding available for CSP, EQIP, and ACEP. The \$100 million per year baseline comes from permanent baseline funding for AWEP and CBWI, which were folded into RCPP in the 2014 Farm Bill. Prior to the 2014 Farm Bill, AWEP had \$56 million per year and CBWI had \$47 million per year. The 2014 Farm Bill transferred \$100 million per year of that combined baseline to RCPP.

<sup>10</sup> CHIMPS to EQIP, CSP, and ACEP reduce the amount of money available to RCPP.

<sup>11</sup> The 2014 Farm Bill combined the Grassland Reserve Program (GRP), Wetlands Reserve Program (WRP), and the Farm and Ranch Land Protection Program (FRPP) to create the Agricultural Conservation Easement Program (ACEP).

<sup>12</sup> The cut to AMA in the FY 2017 omnibus is limited to the NRCS portion of the program. The organic certification cost share portion of AMA is left intact.
