The Honorable Collin Peterson
Ranking Member
House Agriculture Committee
Washington D.C. 20515

Dear Agriculture Committee Leaders:

The undersigned farm, consumer, faith and rural organizations are writing to raise our strong objections to efforts to undermine the authority of the Secretary of Agriculture to enforce the Packers and Stockyards Act.

Section 11102 of the House version of the 2013 Farm Bill would greatly limit the authority of the Secretary to address deceptive, fraudulent, retaliatory, and anti-competitive practices by meatpackers and poultry companies in their dealings with livestock and poultry farmers and ranchers.

During the 2008 Farm Bill process, Congress heard extensively from livestock and poultry producers, farmer organizations, and consumer groups about anti-competitive and unfair business practices that unfortunately have become commonplace in the livestock and poultry sectors of our agricultural economy.

As a result, the final 2008 Farm Bill included provisions to require USDA to write regulations to address the most egregious of these practices and to define certain terms in the statute. Section 11102 of the House version of the 2013 Farm Bill would repeal the 2008 Farm Bill provision that addressed these concerns and place a broad limitation on USDA’s authority to enforce many aspects of the Packers and Stockyards Act of 1921.

The impetus for Section 11102 is that the livestock and poultry companies whose practices were examined by the 2008 Farm Bill provisions and/or USDA’s implementing regulations don’t appreciate that scrutiny. Such practices include forcing poultry growers to make expensive upgrades to their chicken houses, at the same time as the companies controlling their contracts are secretly planning to shut down plants and cancel their contracts, leaving the farmers with massive stranded investments and facing bankruptcy, and leaving the taxpayers to pick up the tab.

These practices also include retaliating against farmers and ranchers for exercising their legal rights to communicate with their Members of Congress or USDA officials about the realities of certain livestock procurement practices as well as what is
happening in their contract relationships with these companies. Section 11102 insulates, and prohibits USDA from addressing, these and other egregious practices in the livestock and poultry sectors.

Please reject Section 11102 of the House bill during the 2013 Farm Bill Conference and allow farmers and ranchers to prosper in a business environment based on mutual cooperation and fair business standards, not fear, coercion and retaliation.
