¹ The Practice Incentive Payment (PIP) is a one-time additional cost-share payment equal to 40% of the eligible installation costs of the practice. The basic cost share rate for all CCRP practices is 50%. With the PIP, it therefore is increased to 90%.

² The Signup Incentive Payment (SIP) is a one-time bonus payment.

³ The land rental rate for CCRP practices is normally based on soil type and average cash rent in the county. For practices with a rental rate incentive, that underlying rate is increased by 20%.
