CTA	Conservation Technical Assistance (NRCS)
CSP	Conservation Stewardship Program (NRCS)
EQIP	Environmental Quality Incentives Program (NRCS)
AMA	Agricultural Management Assistance Program (NRCS, RMA, AMS)
ACEP	Agricultural Conservation Easement Program (NRCS)
RCPP	Regional Conservation Partnership Initiative (NRCS)
AWEP	Agricultural Water Enhancement Program, formerly Ground and Surface Water Conservation (formerly administered by NRCS)
CBWI	Chesapeake Bay Watershed Initiative (formerly administered by)
FRPP	Farm and Ranch Land Protection Program (formerly administered by NRCS)
WHIP	Wildlife Habitat Incentives Program (formerly administered by NRCS)
WRP	Wetlands Reserve Program (formerly administered by NRCS)
GRP	Grasslands Reserve Program (formerly administered by NRCS/FSA)

NOTES ON CHART:

n/a = not applicable

ss = authorized at “such sums as may be appropriated” rather than a specific dollar amount

= Items with number sign (#) are “mandatory” programs funded directly via the farm bill through the Commodity Credit Corporation or directly from the Treasury that do not need to be appropriated, though sometimes appropriators raid the mandatory funding via “limitations” provisions. Some mandatory accounts receive the same funding level each year, but others vary by year.

Discretionary Programs. These programs are authorized by the 2014 Farm Bill, an earlier farm bill, or another agricultural authorization bill for which the actual funding level for the program in any given year is determined by the annual appropriations bill. Discretionary programs also include programs without specific authorizations that are started by USDA under more general authorities.

Mandatory Programs. These programs were provided mandatory (direct) funding in the 2014 Farm Bill, 2008 Farm Bill, or some earlier authorization bill, not normally subject to change in the appropriations bill. However, over the years, the appropriations committee has sometimes made use of a technique to limit or eliminate mandatory spending by not providing appropriated funds to pay for the salaries and expenses of USDA staff to implement the program. This allows the appropriators to kill or limit the program in question and then spend the money saved on discretionary programs.

CHIMPS = Change In Mandatory Program Spending, which refers to cuts that appropriations bills make to “mandatory” (also known as “direct” or “non-discretionary”) spending.

Farm Bill proposals

ⁱ Amounts reflect FY17 Sequestration – 6.9 percent from mandatory programs; discretionary programs subject to budget caps.

ⁱⁱ Amounts reflect FY18 Sequestration – 6.6 percent from mandatory programs; discretionary programs subject to budget caps, which were raised by BBA18.

ⁱⁱⁱ Amounts do not reflect sequestration.

^{iv} Farm bill programs with “0.0#” have five years worth of funding under the 2014 Farm Bill; these programs will cease to operate after FY18 unless Congress provides new money for FY19 and beyond in the next farm bill. Other programs have permanent funding, meaning that their funding baseline carries forward regardless of whether the next farm bill provides new money for them. For farm bill programs that have permanent baseline funding, the FY18 funding level will carry forward into future years. For programs that have five-year money, this chart shows FY19 funding levels “0.0#.”

^v The President’s proposal assumes that programs without permanent baseline (as described in end note “iv”) will not be funded in the next farm bill.

^{vi} Section 2501 is shorthand for “Outreach and Assistance for Socially Disadvantaged Farmers and Ranchers and Veteran Farmers and Ranchers Program.”

^{vii} The President’s budget for FY19 creates an Office of Partnerships and Public Engagement by combining the Office of Advocacy and Outreach; the Faith-Based and Neighborhood Partnerships staff; the Office of Tribal Relations; and the Military veterans Liaison. What was OA&O is now part of OPPE.

^{viii} The 2014 Farm Bill provided mandatory funding of \$63 million for VAPG for the life of the 2014 Farm Bill FY 2014-2018 (sequestered to \$58.5). USDA obligated approximately \$20 million in FY15 and \$34 million in FY16 from the mandatory funds.

^{ix} The 2014 Farm Bill provides \$5 million in mandatory funding over 5 years. This figure does not reflect an annual amount. Sequestration is applied once to the entire 5-year pot, using the FY 2014 sequestration rate of 7.2 percent. This leaves \$4.6 million available for FY 2014-2018.

^x Not subject to sequestration.

^{xi} The 2014 Farm Bill combined the Agricultural Water Enhancement Program (AWEP), Chesapeake Bay Watershed Initiative (CBWI), Great Lakes Conservation Initiative (GLCI), and Cooperative Conservation Partnership Initiative (CCPI) to create the Regional Conservation Partnership Program (RCPP).

^{xii} CHIMPS to EQIP, CSP, and ACEP reduce the amount of money available to RCPP.

^{xiii} The 2014 Farm Bill combined the Grassland Reserve Program (GRP), Wetlands Reserve Program (WRP), and the Farm and Ranch Land Protection Program (FRPP) to create the Agricultural Conservation Easement Program (ACEP).

^{xiv} The cut to AMA in the FY 17 omnibus is limited to the NRCS portion of the program. The organic certification cost share portion of AMA is left intact.
