

AGRICULTURE APPROPRIATIONS CHART
FISCAL YEAR 2024

JUNE 2023

NOTES ON CHART:

* = report language included related to this program; this feature was added to the chart in FY24

ss = authorized at “such sums as may be appropriated” rather than a specific dollar amount

= Amounts followed by “#” are mandatory funding levels provided in the farm bill through the Commodity Credit Corporation or directly from the Treasury. Many programs with mandatory funding also include an authorization for discretionary funding, and receive discretionary appropriations. Other programs with mandatory funding may be cut through an appropriations process known as CHIMPS (see note below).

Discretionary Programs. These programs are authorized by the 2018 Farm Bill, an earlier farm bill, or another agricultural authorization bill for which the actual funding level for the program in any given year is determined by the annual appropriations bill. Discretionary programs also include programs without specific authorizations that are started by USDA under more general authorities. If an amount is NOT by # then it is a discretionary funding level.

Mandatory Programs. These programs were provided mandatory (direct) funding in the 2018 Farm Bill, an earlier farm bill, or some earlier authorization bill, and are not normally subject to change in the appropriations bill. However, over the years, the appropriations committee has sometimes made use of a technique to limit or eliminate mandatory spending by not providing appropriated funds to pay for the salaries and expenses of USDA staff to implement the program. This allows the appropriators to kill or limit the program in question and then spend the money saved on discretionary programs.

CHIMPS = Change In Mandatory Program Spending, which refers to cuts that appropriations bills make to “mandatory” (also known as “direct” or “non-discretionary”) spending. NSAC’s appropriations chart continues to track programs with mandatory spending that have historically been at risk of CHIMPS. A program with “No CHIMPS” in the cell with no other amount listed can be assumed to be fully funded at the mandatory authorization level.

FY2024 Sequestration. According to the Balanced Budget & Emergency Deficit Control Act of 1985, mandatory sequestration remains in effect for FY2024. However, the FY2024 sequestration rate was not yet released at the time of the Biden Administrations FY24 Budget publication in March 2023. The mandatory funding figures (#) in the column “**FY 2024 Biden Budget**” do not reflect the FY2024 sequestration reduction of 5.7 percent.

Inflation Reduction Act. The Inflation Reduction Act of 2022 (IRA, PL 117-169) appropriated nearly \$20 billion to numerous federal programs - CSP, EQIP, ACEP, RCPP, REAP, and the Greenhouse Gas and Inventory Assessment Program (GHG I&A) - all of which are historically tracked in this appropriations chart. However, this chart *does not* currently reflect any spending initiated by the IRA.

FISCAL YEAR 2024 AGRICULTURAL APPROPRIATIONS (\$ MILLIONS)

¹ Amounts do not reflect sequestration and do not include emergency COVID relief appropriations, just “traditional” appropriations.

² Amounts do not reflect sequestration and do not include ARPA COVID response funding.

³ Amounts do not reflect sequestration and do not include covid response funding or Inflation Reduction Act funding.

⁴ Amounts do not reflect sequestration.

⁵ Authorized levels reflect changes made in the 2018 Farm Bill.

⁶ Amounts do not reflect sequestration. See “FY2024 Sequestration” note on page 1.

⁷ The 2018 Farm Bill combines BFRDP and 2501 into the Farming Opportunities Training and Outreach (FOTO) Program. Both mandatory and discretionary funding is split equally between the two programs.

⁸ Section 2501 is shorthand for “Outreach and Assistance for Socially Disadvantaged and Veteran Farmers and Ranchers Program.”

⁹ The President’s budget for FY19 created an Office of Partnerships and Public Engagement by combining the Office of Advocacy and Outreach; the Faith-Based and Neighborhood Partnerships staff; the Office of Tribal Relations; and the Military Veterans Liaison. What was OAO is now part of OPPE. Additionally, the 2018 Farm Bill formally changes the name of OAO to OPPE.

¹⁰ This includes both the Rural Cooperative Development Grants general program, as well as, the Socially-Disadvantaged Groups Grants subprogram, for which \$3 million out of the total \$8.8 million is set-aside.

¹¹ The 2018 Farm Bill provided mandatory funding of \$19 million for VAPG through LAMP, which includes \$17.5 million for grants and \$1.5 million for administrative expenses.

¹² The 2018 Farm Bill combines FMLFPP and VAPG into the Local Agriculture Market Program. Both mandatory and discretionary funding is split between the two programs. The amount listed is the total combined discretionary authorization for LAMP.

¹³ Sec. 722 of the House's FY2024 Agriculture, Rural Development, Food & Drug Administration, and Related Agencies Bill includes a \$500 million rescission REAP funds appropriated through Inflation Reduction Act. This rescission is not reflected in this chart.

¹⁴ The 2018 Farm Bill includes \$5 million in mandatory funding for a new data collection system on organic import enforcement administered by NOP; this is one-time funding spread over five years, not annual funding.

Program	FY 2021 Omnibus ¹	FY 2022 Omnibus ²	FY 2023 Omnibus ³	FY 2024 Authorized ^{4, 5}	FY 2024 Biden Budget ⁶	FY 2024 House Mark	FY 2024 Senate Mark

DOL	1633.0	1633.33	1633.33	1500.0	1633.0	1633.0	1633.0

¹⁵ This includes both the grant funding and administrative expenses for LAMP's subprograms, the Farmers Market and Local Food Promotion Program and the Regional Partnership Program. FMLFPP is provided \$23.5 million for grants, RPP is provided \$5 million for grants, the remaining funds are for administrative expenses.

¹⁶ Not subject to sequestration.

ACEP	<i>No CHIMPS</i>	<i>No CHIMPS</i>	<i>No CHIMPS</i>	450.0#	<i>No CHIMPS</i>	<i>No CHIMPS</i>	<i>No CHIMPS</i>

¹⁷ Funding provided for CTA includes climate hubs, \$1m for a soil health initiative, and \$14m for GLCI in FY22 and FY23.

¹⁸ The President's Budget for FY24 does not include a GLCI line item. It does include funding \$50m for Equity Cooperative Agreements and \$18m for climate hubs.

¹⁹ Funding for the Grazing Lands Conservation Initiative is included as part of CTA funding.

²⁰ The 2018 Farm Bill changes RCPP to no longer pull from the covered programs; RCPP instead receives \$300m in mandatory funding per year for the life of the farm bill.
